Murano Luminaire

Saint Tropez

Il mio lavoro è un viaggio nel tempo alla ricerca di stili ed atmosfere dagli anni 20 agli anni 50 da rielaborare ed inserire come scoperte in un nuovo progetto moderno e attuale, ma con il sapore e la ricchezza che solo l'oggetto d'epoca sa dare.

Una nuova definizione di "VINTAGE" prezioso ed originale che distingue e rende unica l'immagine della casa e della persona.

My work is a journey through time in search of the atmosphere and styles of the '20s to the '50s, revisited and integrated as treasures in a new and modern project, which would retain the flavour and texture that only a vintage object can confer.

A new definition of original, priceless "VINTAGE" which adds style and distinction to your house and personal appearance.

A photograph of a dining room viewed through a dark, paneled doorway. In the center, a large, ornate chandelier with multiple glowing lights hangs from a white, coffered ceiling. Below it, a long, dark wood dining table is set with several upholstered chairs. A window with light-colored curtains is visible in the background, showing greenery outside. Two wall sconces are lit on either side of the window. The floor is made of dark wood. In the foreground, two books are lying on a light-colored surface.
